Mr. Michael Selves, CEM
Johnson County Emergency Management & Homeland Security
111 South Cherry
Olathe, KS 66061-3441

Dear Mr. Selves:

In accordance with KSA 48-929(d), the Johnson County Emergency Operations Plan submitted to Kansas Division of Emergency Management (KDEM) is approved. This approval complies with KSA 48-932 which requires an approved disaster emergency plan in order to declare a state of local emergency.

The plan is compliant with the Kansas Planning Standards to include SARA Title III requirements and Governor Kathleen Sebelius Executive Order #05-03 which designates the National Incident Management System (NIMS) as the standard that will be used by all jurisdictions in Kansas responding to a disaster or other emergency.

Our goal is to have all County Emergency Operations Plans in Kansas into the NetEOP software program within three to four years. Our planning staff will work with you to reach this goal.

Congratulations on a job well done! The quality of the Johnson County Emergency Operations Plan certainly is a reflection to the commitment of your planning team and the leadership of Johnson County Emergency Management & Homeland Security.

If you have any questions, please feel free to call Angee Morgan, Plans Chief at 785-274-1403 or reach her by e-mail at atmorgan@agtop.state.ks.us.

Sincerely,

Bill Chornyak
Deputy Director
